

hearing your best

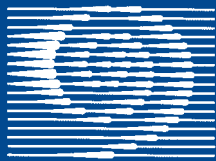

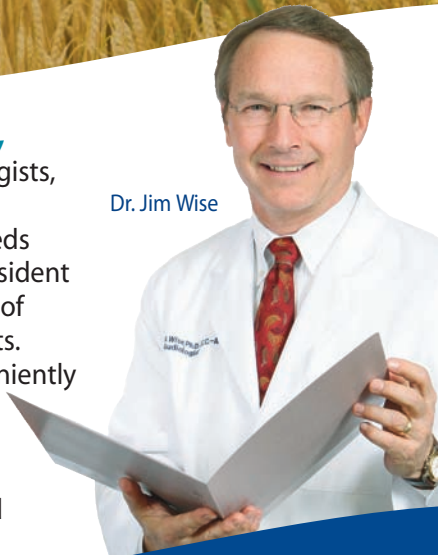

"These new hearing aids are terrific. I don't even feel them in my ears and they're practically invisible."

—Len Dawson, Hall of Fame Quarterback

Jim Wise, Ph.D., F.A.A.A.,

president of Associated Audiologists, has served the Kansas City community's hearing health needs for more than 25 years. He is president of Associated Audiologists' staff of 11 university-trained audiologists. Each of the practice's five conveniently located offices uses advanced diagnostic and verification equipment and offers products from the world's most respected hearing aid manufacturers.
